PARISHIONERS' DISCUSSION

P.C. Wheeler reported 8 crimes including arson and a theft at United Downs. There was a case of criminal damage at Crofthandy with a stone thrown at a bus. There were a total of 44 reported incidents. 4 search warrants had been executed leading to the recovery of stolen property.

He had spoken to Sgt Benney reference Crofthandy speeding and had received co-operation. He could not, therefore, understand the responses received by the Council. He would investigate with Sgt Benney. Cllr Hichens confirmed he had raised Crofthandy at Area Committee.

Cllr. Whiteley raised the question of being contacted by Mr. Roy Bray as had Cllr Millett. Mr. Bray had started using a field near the Carnon Stream for depositing hardcore/soil without planning consent. Cllr Hichens had also been involved having been given a paper on it by Andrew Stott Chief Planning Officer and attended a site meeting. The site was on a flood plain and the Environment Agency were not happy notwithstanding no building was involved and this made it difficult for CDC planners to do anything other than object.

Mr. Bray said he owned part of the Mineral Tramways cyclepath and this was to be checked on the definitive map.

Prayers were said and the December 2001 and the Special Meeting of the 7th January 2002 Minutes were signed as correct.

MATTERS ARISING

02/0004

1. The Clerk confirmed that the Council had made no response on the County Council Structure Plan Review.
2. The Clerk confirmed that the Council's interest in a Parish Plan had been registered at Countryside Agency and contact was now awaited with CRCC
3. In respect of 01/0117 No 28 the Clerk queried whether or not Mr Johns was capable of doing the inspection required and it was confirmed he was so long as nothing technical was involved
4. In respect of 01/1108 Mr Chegwidden had given an estimate of £60 plus Vat but Mr Orchard had wanted to do his own plot. Mr Chegwidden said his quote should reduce by £10 and Mr Orchard could do his own bit so long as it was at his own risk
5. In respect of 01/1109 The Holly Tree the Clerk confirmed he had asked the Planners to make sure there was no alternative

PRESENTATION

02/0005

Chris Hariades of CCC presented a paper on the situation relating to Byway 54 and its diversion and stated that there was a risk that the right could be lost if the Council stuck to its objection. It was pointed out to him that since the previous enquiry there was evidence that the alternative route had been used since the 1980s and there was no risk. It was also said that the Council was now expected to co-operate with the CCC when it suited the CCC but when the reverse was the case no help was forthcoming. The Council would stand by its original decision.

FROGPOOL CEMETERY 02/0008

The Clerk reported that the records left a lot to be desired and it was very difficult for him to pick up the threads. The plan of the Cemetery did not meet with the recommended requirements and this was the base point from which to start investigations **IT WAS RESOLVED** that the Clerk seek quotations from reputable surveyors for preparation of (a) a plan of the whole cemetery and (b) a plan of the new and future sections only with a quote for checking which apparent unused plots were so unused.

MEETINGS 2002/3 02/0013

IT WAS RESOLVED that the same venues as the previous year be booked

PARISH COUNCIL LOGO 02/0014

After some discussion it was agreed that mock-ups be prepared in respect of the Church the Bell Tower and crystals to be reviewed at a later date

GPRA 02/0015

The Clerk said that he had reviewed the papers and had at a previous meeting given a written opinion to the Councillors that the arrangement currently extant are unworkable. He believed that both parties' best interests would be served by starting again which would involve the surrender by GPRA of its lease (probably by operation of law – merely handing it back) and substituting it with a Management Agreement whereby the GPRA would undertake the management of the playing field and be licensed to carry on Boot Sales. GPRA would pay an agreed proportion of their income annually and GPC would be responsible for maintenance etc.

Before any of this could be done the GPRA should resolve its situation with the Charity Commissioners. When this has been done the Clerk will arrange the necessary documentation.

SIGNPOST COLD WIND CROSS
02/0016

This was an old cast iron sign that went missing. Cllr Hichens stated that if it could not be found it would have to be replaced by a modern equivalent. However the CCC as a matter of policy does not replace signs when they stolen unless it is high priority.

GOLDEN JUBILEE SUMMER PARTY
02/0017

On the grounds that it would be close to the Parish Fete and that other bigger attractions on the day would lure prospective participants elsewhere **IT WAS RESOLVED** that the Council should not lead the organisation of a party. The Council would consider a keepsake next month
