PARISHIONERS' DISCUSSION

P.C. Wheeler reported that 15 crimes involving criminal damage, car burning, assault and vehicle theft had been reported together with 45 incidents. The majority related in some way to the occupants of Wheal Jewel and it was suggested that PC Wheeler arrange a meeting between the police, social services, the County Council and the Site Manager to try and resolve this situation.

He had discussed the question of speeding at Crofthandy and had nothing further to add to the correspondence received. He pointed out that there were 400 requests in Cornwall last month and the Police only have access to 2 Minute Man units (which indicate whether or not there is a speeding problem to be addressed)

Prayers were said and the January 2002 Minutes were signed as correct.

MATTERS ARISING

02/0019

1. The Clerk confirmed that the work required of Mr Chegwidden at Frogpool Cemetery had been satisfactorily completed
2. The Clerk confirmed that the claim for Footpaths had now been put in to CCC and that he had signed up to the Clerks Course (Unfortunately they had not found him a mentor so he cannot start it!)
3. The Clerk confirmed there had been a response from Dan Thomas re BW29 which was to the effect that the works were known about but there had been delays caused by Foot & Mouth

PRESENTATION

02/0020

Marita Ward of CRCC made a presentation at the request of the Clerk to describe what happens now in respect of the Parish Plan the Council's intent having been formally registered. Normally the Council should call a public meeting (probably 2/3 in our case) where the parishioners can air their views and from this a working party should be formed to lead the procedure. This procedure can be through a properly designed survey preferably hand delivered to every household and collects back on an agreed date. A file of papers was left for the Councillors to review and in the

meantime the Clerk was to look at the making of the formal claim for a grant and check if the guidance notes were to hand.
